

INTERNATIONAL TICKET APPLICATIONS

Introduction

Please find below details on international ticket allocations and how we at Maidenhead RFC allocate tickets to ensure as many members as possible have the chance to support England at Twickenham.

Our Ticket Allocation

The RFU informs the club of the number of international tickets that we are entitled to. We confirm acceptance of all allocated tickets. This financial commitment is undertaken prior to applications being made by club members.

Our ticket allocation is specified by The RFU based on our membership numbers. Therefore, unfortunately, it is not possible to guarantee tickets to all applicants. We are only allocated tickets for England home games.

The following categories of membership are entitled to apply for International Tickets: Honorary Life Member, Vice President, Senior Player, Family Membership. Please Note: - Family Membership allows a single application, not an application per family member.

All applications are checked against the club database to ensure applicants qualify.

Ticket Application Procedure:

All ticket applications must be made on official forms and through the following procedure (also clearly detailed on the application forms).

- Download official application form from the Club Website or Newsletter.
- Completed forms with cheque and stamped address return envelope must be posted to the stated address on the form and not left behind the bar at the club.
- Applications with incomplete forms or incorrect monies will not be accepted and will not be entered into the draw.
- The RFU deduct the relevant monies from the club's International Ticket Account about 6 to 8 weeks before they issue tickets to the club. For this reason applicant cheques will be banked immediately into the Club account in readiness for the RFU to take payment.
- Once the application deadline has passed all validated applications will be entered into a draw.
- Applicants can only win tickets for one game and winning applicants will not be entered into subsequent draws. This ensures a maximum number of members benefit from the set number of tickets that we have available.
- Tickets will be posted to the lucky members within 48 hrs of the draw being carried out.
- Unlucky members will receive their ticket money refunds by cheque within 48 hrs.

I hope this clarifies the procedure, if you have any further questions regarding applying for International tickets, please do not hesitate to contact me.
